2007 CLASSES TBA

Dear Friends in Public Safety,

Shamrock Gear & Repair LLC would like to invite members of your department to participate in a training seminar:

The Basics of NFPA 1851

Standard on Selection, Care, and Maintenance of Structural Firefighting Protective Ensemble Elements

This class is a combination of presentation, demonstration, and hands on learning. The focus of this educational opportunity is to:

- Overview NFPA 1851- How it effects your department and how departments can stay compliant.
- Discuss the elements of the ensemble there composition and limitations
- Demonstrate cleaning, inspection, and repair techniques
- Train attendees in the proper procedures for Firefighter Ensemble Advanced Inspection
- Verify attendees as a Recognized Firefighter Ensemble Inspector as per NFPA 1851
 - This allows departments to inspect gear in compliance with NFPA 1851

Date: **CLASSES FOR 2007 TO BE ANNOUNCED**

Times: **9:00 AM – NOON - ** Lunch Provided****

Location: East Sparta Fire Department and Shamrock Gear & Repair LLC

Cost: \$150.00 for each member attending

Each class is limited to 12 students
